"My dog was sprayed by a skunk in the back yard. Before we realized it the smell was in the carpet, the furniture and all over the house. The Lightning Air totally removed the odor so we started selling them in the store. "

- Joe Falabrino, San Gabriel, CA

"We have been running our unit and it has been great. I could tell a difference the first 15 minutes it was on. My wife has allergy problems and commented on how much better her sinuses feel already, and she is the skeptic in the family."

We also use it in the basement and we no longer have a old musty smell down there. This is a wonderful product!"
